

Going For My Life
© 2008 Colleen Messina

VERSE:

**I can take myself away
In my thoughts where I can stay
While life goes on and passes by
I miss the chance to live my life**

CHORUS:

**I'm going for my life, as if everything matters
I'm going for my life, there's no stopping me
I'm going for my life, cause I make a difference
Life is too short to live in a pity party**

VERSE:

**When I'm lost inside my head
I can't hear a single word you said
So I steal precious time from you
When I'm not being here with you**

CHORUS

BRIDGE:

**If I'm not truly here with you
Then I miss out on what is true
That I have things that I can share
And I can see how much you care**
